

INCLUSION

Our core approach is based on inclusion, working alongside the whole family, recognising the aspirations, strengths, and rights of each family member.

"Circle support the whole family; they are not just here for me, they involve everyone."

"Circle is like a friend that is there for you and tell you as it is; they cheerlead and challenge you."

EMPATHY

Taking an empathetic approach, we stand alongside families, supporting them to develop their own goals and ambitions, through adversity and success, where we learn from each other to enable increased choice and promote positive change.

COMMITMENT

We build strong relationships based on trust, committing to families for as long as it takes. We are passionate about listening to and supporting families and provide a reliable source of motivation and encouragement.

"Circle keep in touch, every week, they find a way to keep in touch."

"Circle always give you options; they enable you to do things yourself and don't try to fix things for you."

EMPOWERMENT

Circle support families to discover and appreciate the strengths they already have, whilst developing knowledge, capacity, and skills to address the specific challenges that they face.

GROWTH

We are collaborative and ambitious about the growth and development of families, and work to develop the skills, knowledge, and wellbeing of our staff team, and the wider caring workforce.

"It's not just a job for staff, they go out of their way to help when you need it."
