Supporting families in Scotland

HAVEN PROJECT

Support for children & families living in the North Edinburgh area to improve the general wellbeing of the whole family.

Early Years Groupwork and Outreach Service

The Outreach service offers short term support to families with children aged 0-5 identifying with families key practical and emotional areas of support. The under 5's groupwork programme consists of Baby Massage, Baby Sensory, Baby-led weaning and Parenting programmes.

The Mentoring Project

The Mentoring Project provides academic and emotional support to local primary-aged children. Children benefit from weekly one to one support delivered by a volunteer mentor in their final year of secondary school.
